

Feedback Form Draft National Agroforestry Strategy 2023 - 2032

Introduction

The Ministry of Environment, Climate Change and Forestry through the State Department for Forestry has developed a draft National Agroforestry Strategy 2023 - 2032 for Kenya. We have launched the process of public participation where we invite members of the public to review the document and provide feedback for further improvement through the feedback form below. Once launched, the strategy will be key in guiding implementation of agroforestry functions in the country by public entities, non-state actors and the private sector. The State Department for Forestry appreciates your feedback and looks forward to your responses. Please send your feedback through psforestryke@gmail.com and copy to tonymwasi@gmail.com with the subject “National Agroforestry Strategy, 2023 - 2032 Feedback”
